Introduction

1. Residents and businesses in Cumbria, North Yorkshire and Somerset are currently served by a two-tier system of local government. County Councils are responsible for services such as adults' and children's social care, maintaining roads, libraries and waste disposal, and the District and Borough Councils are responsible for service such as rubbish collection, housing and planning and environmental health. The City of York Council is a unitary local authority which is responsible for all local government services in its area.
2. Councils in these three areas have been developing ideas about restructuring local government for some time and in each area, some or all of the councils have requested an invitation from the Secretary of State to submit proposals for unitary local government – a single tier of local government delivering all of the local government services for the area.
3. The Government's approach to local government reorganisations is locally-led, on the basis that those in a local area are best placed to know what is best for the area. This broader policy position was reaffirmed by the Secretary of State in a written ministerial statement published on 12 October 2020 that can be accessed [here](#)
4. On 9 October 2020, in response to these requests, the Secretary of State invited the councils in all three areas, including associated existing unitary councils, to submit locally led proposals for unitary local government. The invitations invited proposals for a single tier of local government permissible under the primary legislation, explained that proposals could be submitted by a council individually or jointly with other councils receiving the invitation and included guidance on what the proposals should seek to achieve, to which the councils were required to have regard. These invitations started the legislative process for restructuring local government in the three areas, which is set out in the Local Government and Public Involvement in Health Act 2007 (the 2007 Act).
5. The Secretary of State received 8 proposals by the specified deadline of 9 December 2020, 4 from councils in Cumbria, 2 from councils in North Yorkshire and 2 from councils in Somerset.
6. The 2007 Act requires that, before a proposal for local government reorganisation can be implemented, the Secretary of State must first consult any local authority that is affected by a proposal (but which has not submitted it), and any such other persons as he considers appropriate.
7. In deciding which proposal, if any, to implement in an area, subject to Parliamentary approval, the Secretary of State will make a balanced judgement assessing the proposals against the three criteria set out in the statutory guidance accompanying the invitation, and having regard to all representations received, including responses to this consultation, and to all other relevant information available to him. These criteria, which reflect longstanding criteria for assessing unitary proposals, are that - a proposal should seek to achieve for the area concerned the establishment of a single tier of local government, that is the establishment of one or more unitary authorities:

- a. which are likely to improve local government and service delivery across the area of the proposal, giving greater value for money, generating savings, providing stronger strategic and local leadership, and which are more sustainable structures;
 - b. which command a good deal of local support as assessed in the round overall across the whole area of the proposal; and
 - c. where the area of each unitary authority is a credible geography consisting of one or more existing local government areas with an aggregate population which is either within the range 300,000 to 600,000, or such other figure that, having regard to the circumstances of the authority, including local identity and geography, could be considered substantial.
8. Respondents, including local residents, are able to respond in relation to one or more of the proposals included in the consultation, although we expect respondents to comment only on the proposals affecting their area; the responses will help to inform the Secretary of State's careful consideration of the proposals.

The Government's invitation to the councils

9. On 9 October 2020, an invitation to develop proposals for the creation of new single-tier (unitary) authorities was issued to the following councils.

Cumbria:

Allerdale Borough Council
 Barrow Borough Council
 Carlisle City Council
 Copeland Borough Council
 Cumbria County Council
 Eden District Council
 South Lakeland District Council

North Yorkshire and York

City of York Unitary Council
 Craven District Council
 Hambleton District Council
 Harrogate Borough Council
 North Yorkshire County Council
 Richmondshire District Council
 Ryedale District Council
 Scarborough Borough Council
 Selby County Council

Somerset

Bath and North East Somerset Council
 Mendip District Council
 North Somerset Council

Sedgemoor District Council
Somerset County Council
Somerset West & Taunton Council
South Somerset District Council

10. The invitation issued by the Secretary of State on 9 October 2020 was issued under Part 1 of the 2007 Act. It invited the councils to make proposals for the restructuring of local government, which could take the form of any of the types of proposal permissible under the 2007 Act:

- Type A – a single tier of local authority covering the whole of the county concerned
- Type B – a single tier of local authority covering an area that is currently a district, or two or more districts in the county concerned
- Type C – a single tier of local authority covering the whole of the county concerned, or one or more districts in the county; and one or more relevant adjoining areas
- Combined proposal – a proposal that consists of two or more Type B proposals, two or more Type C proposals, or one or more Type B proposals and one or more Type C proposals

11. The invitation specified that any councils responding to the proposal must have regard to the Secretary of State's guidance appended to the invitation. This guidance is as follows:

Guidance from the Secretary of State for councils submitting proposals:

1. A proposal should seek to achieve for the area concerned the establishment of a single tier of local government, that is the establishment of one or more unitary authorities:
 - a. which are likely to improve local government and service delivery across the area of the proposal, giving greater value for money, generating savings, providing stronger strategic and local leadership, and which are more sustainable structures;
 - b. which command a good deal of local support as assessed in the round overall across the whole area of the proposal; and
 - c. where the area of each unitary authority is a credible geography consisting of one or more existing local government areas with an aggregate population which is either within the range 300,000 to 600,000, or such other figure that, having regard to the circumstances of the authority, including local identity and geography, could be considered substantial.
2. The following matters should be taken into account in formulating a proposal:
 - a. A proposal should describe clearly the single tier local government structures it is putting forward, and explain how, if implemented, these are expected to achieve the outcomes described in paragraph 1 above.

b. The need for evidence and analysis to support a proposal and any explanation of the outcomes it is expected to achieve, including evidence of a good deal of local support.

c. The impact of any proposed unitary authorities on other local boundaries and geographies. If the area of any proposed unitary authority crosses existing police force and fire and rescue authority boundaries, the proposal should include an assessment of what the impact would be on the police forces and/or fire and rescue authorities and include the views of the relevant Police and Crime Commissioners and Fire and Rescue Authorities

d. Any wider context for any proposed unitary authorities around promoting economic recovery and growth, including possible future devolution deals and Mayoral Combined Authorities.

e. If the proposal submitted by 9 November 2020 is an outline proposal it should indicate what further material is expected to be provided and when this would be submitted which should be no later than 9 December 2020

12. Paragraph 1 of the guidance sets out the criteria to be used by the Government when considering and assessing proposals for unitary local government.

Paragraph 2c required any proposals proposing a unitary authority which crosses existing police force and fire and rescue authority boundaries, to include an assessment of what the impact would be on the police forces and/or fire and rescue authorities and include the views of the relevant Police and Crime Commissioners and Fire and Rescue Authorities. This reflects that the invitation permits proposals that include one or more districts from outside county boundaries to be included which may have implications for the police and fire and rescue services.

13. Proposals for locally-led reorganisation of local government were received from the following councils by 9 December 2020.

15. The 2007 Act requires that before a proposal for local government reorganisation can be implemented, the Secretary of State must first consult any council affected that has not submitted the proposal, as well as any other persons that he considers appropriate. We welcome views from any interested persons, including residents, and a full list of named bodies being consulted on each proposal are at Annex B.

a. Is it likely to improve local government and service delivery across the area of the proposal, giving greater value for money, generating savings, providing stronger strategic and local leadership, and more sustainable structures;

b. Does it command a good deal of local support as assessed in the round overall across the whole area of the proposal; and

c. is it a credible geography consisting of one or more existing local government areas with an aggregate population which is either within the range 300,000 to 600,000, or such other figure that, having regard to the circumstances of the authority, including local identity and geography, could be considered substantial.

24. The Secretary of State may decide, subject to Parliamentary approval, to implement a proposal with or without modification, or to not implement any proposal for an area. He may also seek advice from the Local Government Boundary Commission for England. If any proposals are to be implemented, we would expect new unitary councils to take on full council role from April 2023, with the transitional arrangements in 2022-23 to support a smooth implementation.

25. The Secretary of State's decisions will be communicated to the councils as soon as practicable.

Consultation questions

This consultation seeks views on the Cumbria, North Yorkshire and Somerset councils' proposal and in particular on the following questions in relation to each proposal:

- 1) Is the councils' proposal likely to improve local government and service delivery across each area? Specifically, is it likely to improve council services, give greater value for money, generate savings, provide stronger strategic and local leadership, and create more sustainable structures?
- 2) Where it is proposed that services will be delivered on a different geographic footprint to currently, or through some form of joint arrangements is this likely to improve those services? Such services may for example be children's services, waste collection and disposal, adult health and social care, planning, and transport.
- 3) Is the councils' proposal also likely to impact local public services delivered by others, such as police, fire and rescue, and health services?
- 4) Do you support the proposal from the councils?
- 5) Do the unitary councils proposed by the councils represent a credible geography?
- 6) Do you have any other comments with regards to the proposed reorganisation of local government in each area?

Please indicate reasons for your answers.
